[illegible] Language [illegible]

[illegible]

[illegible]

[illegible]

J.Vendryes [illegible] – The most general definition of language that can be given, is that is a system of signs... by signs we understand all those symbols capable of serving as a means of communication between men.

Encyclopaedea Britanica [illegible] – Language may be defined as arbitrary system of vocal symbols by means of which human beings, as members of a social group and participants in culture interact and communicate.
